BABYSITTING REIMBURSEMENT FORM

CPC will be offering a partial reimbursement support to families needing to hire babysitters in order to participate in the life of our church. This support, however, is available only for those onsite CPC events that are designated to offer babysitting reimbursement. (These will include events sponsored and publicized by CPC for which there is not any onsite Children's Ministry program or care available.) CPC will not be able to provide any names or recommendations of babysitters in our community, and reimbursement must be made out to families rather than those providing babysitting services

CPC's Adult Equipping Ministries will reimburse \$20 per family each week to offset your childcare expenses.
